

Water Harvesting Roundup in Oro Valley

April 5th 2014

Information Center , Home Tour and Hands-on Opportunity to show how you can implement water harvesting at your home!

Information Center will be located at the Oro Valley Branch Library from 9:30 AM to 1:00 PM to allow you to learn more about water harvesting and talk one-on-one with experienced people.

Home Tour consists of several homes and sites in the Northwest Tucson area that have implemented water harvesting. You will see examples where tanks and rain barrels are used to collect rain water, plus cost-effective earthworks that capture storm water runoff from streets and driveways. Home Tour maps available by e-mailing CDOH2O@gmail.com

Sign up for the Hands-on Opportunity will be available at the Information Center.

For more information, contact Bill Wilkening at CDOH2O@gmail.com or Robert Wilson at rwilson@orovalleyaz.gov
